

Adventure News

The official newsletter of Adventure Kids

Adventure kids sole purpose is to share the Gospel intentionally with children so that they would be disciples of Jesus and to partner with parents to strengthen the family unit so together they can reach their World.

What is Connect 456?

Connect 456 is an age bracket/group that will occur in kids ministry. We will have 4th, 5th, and 6th in their own classrooms with the ability to dive deeper into the bible. The reasoning for the name Connect 456 is that we want to connect them to Christ, to connect to each other, and connect them to their world. Also, we will be focusing on developing leadership skills and serving opportunities for preteens to serve.

Connect 456 will meet weekly on Sunday morning. We will have Connect Nights every other month there will be games, a meal, and a devotional.
